Air & Gas Industries
offer the **ACS2000**
Cylinder Filling Scales
which vastly **improves**
cylinder filling
operations.

Contact us today to find out more!

ADVANTAGES

Advantages of the ACS2000 system include:

- Faster fill times
- No product wastage
- No over filling
- Accurate weighing
- Ease of Installation

OTHER CAPABILITIES

The ACS2000 system is also capable of:

- Recording number of cylinders filled
- Calculating mass of LPG filled
- Calculating mass of LPG returned
- Transferring the above recorded data to a specified computer
